

The background of the poster features several spherical organoids, likely intestinal or gastric, stained with blue and green fluorescent dyes. These organoids are scattered across the page, with a higher concentration in the top left and bottom right corners. The blue staining highlights the nuclei, while the green staining outlines the organoid structure.

Organoids & other advanced tissue models for biomedical research

20 SEPTEMBER 2018

**i3S, INSTITUTO DE INVESTIGAÇÃO
E INOVAÇÃO EM SAÚDE**
AUDITÓRIO CORINO DE ANDRADE

COORDINATORS:

Anna Olsson and Margarida Saraiva

PROGRAM

10.00 Opening

Pedro Rodrigues // Vice-Rector for Research and
Innovation, University of Porto

10.10 - 11.50 Presentations by

Roos Masereeuw // Professor in Experimental
Pharmacology, Utrecht University

Cristina Barrias // Coordinator of the Bioengineered 3D
Microenvironments group, i3S

Margarida Saraiva // Coordinator of the Immune
Regulation group, i3S

11.50 - 13.00 **Roundtable with invited industry and
policymaker representatives**

Moderator: Anna Olsson, i3S

13.00 - Buffet lunch
