

# VI BIOTECH HEALTH ANNUAL SYMPOSIUM

## SCIENCE COLLABS

### UPGRADING YOUR NEXT BIG IDEA

i3S - Instituto de Investigação e Inovação em Saúde da Universidade do Porto **2<sup>nd</sup> July 2019**

Mariano Gago Auditorium

#### Programme

09h00 | **Registration**  
Mariano Gago Auditorium Hall

09h30 | **Welcome Session**  
**5th Edition Students of Biotech Health**

09h45 | **Point of care devices for biomedical applications**  
**Paulo Freitas (INL, Portugal)**

10h30 | **Plastic pollution: a new threat to marine ecosystems**  
**Sandra Ramos (CIIMAR, Portugal)**

11h00 | **Coffee break**  
Mariano Gago Auditorium Hall

11h30 | **How a combination of physics and biology can help to understand the surface of cells – a balancing act of interdisciplinarity**  
**Darius Köster (CMCB, United Kingdom)**

12h15 | **Lunch**  
i3S Canteen

13h45 | **Intervertebral disc regeneration: new strategies for the aging spine**  
**Gianluca Vadalà (UCBM, Italy)**

14h30 | **Stem cell secretome based approaches in CNS regenerative medicine**  
**António Salgado (ICVS, Portugal)**

15h15 | **Coffee break**  
Mariano Gago Auditorium Hall

15h45 | **BioSIM - Employing biomolecular simulations in a multidisciplinary perspective**  
**Sérgio Sousa (FMUP/UCIBIOREQUIMTE, Portugal)**

16h30 | **Round Table**

17h30 | **Closing Remarks**  
**Professor Mário Barbosa**

17h45 | **Porto d'Honra**  
Mariano Gago Auditorium Hall
